

RMPPH – Histology

Laboratory Charges

(2025)

Service	Unit	Charge DKK	Comments
Paraffin Embedding			
Preparation and packing for embedding	Tissue	25.00	
Tissue processing	1 run (1-70 cassettes)	500.00	(For large cassettes 1-20)
Decalcification (EDTA)	Tissue	70.00	
Embedding (simple)	Cassette	40.00	One tissue
Embedding (complex)	Cassette	80.00	Specific orientation or several tissue
Self embedding	Cassette	5.00	
Teaching	1 session	200.00	
Cryoembedding (in O.C.T.)			
Tissue processing	1 run (1-50 cassettes)	200.00	(For large cassettes 1-20)
Embedding (simple)	Cassette	40.00	One tissue
Embedding (complex)	Cassette	80.00	Specific orientation or several tissue
Sectioning			
Paraffin sections	Slide	25.00	2 sections without gap
Complex sections	Slide	50.00	Serial sections
Cryosections	Slide	25.00	2 sections without gap
Complex sections	Slide	50.00	Serial sections
Self sectioning	1 h	100.00	
Teaching	1 session	400.00 Cryotome 800.00 Microtome	
Histological stainings			
HE	Slide	30.00	
PAS	Slide	50.00	
Sirius red	Slide	50.00	

Bodipy	Slide	30.00	
Oil red	Slide	30.00	
Self staining		For free with own reagents	
Teaching	1 session	400.00	
Immunohistochemistry			
Routine protocol (DAB)	Slide	150.00	On BondRX For rabbit and mouse antibodies (antibody does not include)
Fluorescence routine protocol (1, 2 and 3 channels) + DAPI	1 run (1-20 slides. Including control)	1600.00	antibody does not include with known antibody
Setting protocol for new antibody	Antibody	4000.00	antibody does not include
Providing tested antibody	Slide	60.00*	
c-fos staining	1-4 brains Every next 4 brains	2000.00 +500	antibody does not include with known antibody
Teaching	1 session	800.00	
RNAscope			
Red RNAscope	Reagents per slide Work 1-20 slides	1000.00 3 200.00	Probes are not provided
Duplex RNAscope	Reagents per slide Work 1-20 slides	1100.00 5 200.00	Probes are not provided
Multiplex RNAscope (manual)	Reagents per slide Work 1-20 slides 1 channel 2 channels 3 channels	1000.00 3 200.00 4 000.00 4 800.00	Probes are not provided
Multiplex RNAscope (automatic)	Reagents per slide Work 1-20 slides	1300.00 1250.00	Probes are not provided Includes pos. and neg. ctl
Imaging			
Brightfield or fluorescent imaging	Hour	350.00	
Using of microscope	Hour	100.00	
Teaching	1 session	450.00	

Image analysis			
Setting of protocol for analysis	Hour	450.00	
Simple analysis	Hour	450.00	
3D tissue staining			
Price will depend on tissue and antibodies			

*** Depend on antibody dilution**

Consumables	Price
Objectglas, SuperFrost Plus, 75x25mm (pack of 72)	110.00
Box for slides (25 slides)	15.00
Box for slides (50 slides)	45.00
Box for slides (100 slides)	30.00
Pap file for slides	30.00

***Charges: Listed prices are for Copenhagen University. For companies prices will be multiplied by 2**
